## **SRE Mission Statement**

The SRE is an organization that promotes reliability engineering through a community of professionals involved or interested in the application of reliability in all areas of the discipline. SRE has chapters in many US locations as well as internationally.

## **SRE Purpose Statement**

The SRE Greater Houston Area Chapter was established to provide a forum for education, networking, and professional development in the reliability discipline. Our current focus is in the NASA community, but will extend to other industries as the chapter continues to grow throughout the Greater Houston Area.
